Therefore, the game becomes more logical because the player has two hands and can use both. Unfortunately, the addon two double wedding for Minecraft PE adds only the animation of this action. In fact, all the actions that once occur an active right hand. In this case, the animation is not yet right. A simple mirroring of the active hand looks good only in this case if your hands are tools. In case any unit you have in each hand would be in the block. In any case, addon with both hands double wedding for Minecraft beautifies gameplay, although it does not change it anyway. How to install double wedding ddon?: Mod downloadable. Download Need Blocklauncher Pro software. Go to the Blocklauncher Pro settings. Select from the [ModE Script] menu. Click the [Add] button. Click [Add]. In [Import Script], select [Phone Memory]. Go to the folder in which they are preserved mod. Modification should be in format (.apk). Select the desired modification. Mod Installed, Have fun!
