Icity water park price

Icity water park price 2020.

A good time for the whole Shah Alam family is now the Splash capital of Selangor with the November 2012 opening of the new water theme park called Waterworld @ I City. The big tour of Waterworld @ I City is undoubtedly the tornado tornado slitter that offers a spark of 30 seconds of stimulation of adrenaline pumping designed to scroll through the endorphins. Info Waterworld The children's adventure pool is a large wet playground with colorful frogs, butterflies and mushrooms surrounded by a series of fantasy characters of Aladdin and Snow White and the seven dwarfs are strategically located on the side of the pool that give good photographic opportunities. Since the water provided that water flows everywhere and the multitude multi-colored slide and tubes are guaranteed to keep small children entertained for a large portion of the day. The tornado water slide after climbing the specifically named launch tower, a 49 meter tunnel awaits to send the four raft pilots to pipes that were injured towards the funnel at 45 degrees. Here the raft oscillates between 4 and 6 times on both sides of the funnel that produces an effect of absence of weight at the peak of each oscillation. So the gravity takes control and raft flows through the bottleneck of the funding in the landing pool below. The giant funnel has a vision gallery in the upper part of its diameter of 18 m, it is so close to where the tube connects to the funnel gives you a great opportunity to photograph the grimace of the faces of your friends while entering the 'Funnel before their descent through the socket of 3 m to the landing pool. If the Tornado slide dominates the attention of thrilling seekers, so the rest of the attractions of Waterworld @ City are undoubtedly focused on the delivery of entertainment in a young generation of fun lovers. Children can also enjoy the Rainbow Racer slide where their competitive strip can be exploited as they try to accelerate the landing pool in the first place against their friends. Other water slides include the family raft slide and spiral slip, however, these are equally domestic for water aimed at family fun rather than adrenaline pumping speed drug adds. An impressive LCD screen stands out over the giant wavy pool and with an audio system that raises decibels generates a great atmosphere for a water party of the day. As with most aquatic parks there is a river of adventure to fluctuate and there is also a large hydromassage pool in which to spend the stresses and the cups of the city's life. Before the entrance to the park the bags are searched for external food that is not allowed in Waterworld. For a fee for your entry you can choose to leave a scheduled deposit RFID Given to wear on your wrist. If you choose to buy food or drinks from coffee, scanning your watch and credit is reduced to your Bill's amount. There is an on-site store offering various water-based goods to improve your Waterworld experience including water guns, floats, swimsuits, sunglasses and e Leave the park, your clock is scanned and if there is a balance due, you are paid at this point. If you spend more than your balance in the park you can recharge at any time.
