How to draw a bull step by step easy

How to draw a bull head easy step by step.

By the way, do you know how to distinguish the cows from bulls in the face? I do not know. If the bull is a lot of lite of the race, it can be guessed that this man, judging by the size of the head and violent expression in his eyes. But if only the herd pastures and all the animals are great, scary and horny à € "how can we guess? So we draw a sort of unified head of a swamp. How to draw the head of a cow (a bull) Full face start with the sketch: The cows and the bulls have the typical shape of herbivores of the head. They have a long muzzle similar to a truncated cone. At the end of the snout there is a big nose with great nostrils. Under the nose we can see the mouth. I must say, even if the bulls and cows move strong, but in reality they cannot open the mouth so widely. But they have a bridge over the very wide nose. Therefore, the eyes are literally on the sides of the head: the herbivores have a very wide vision. Now draw your ears. Note that the ear channels are approximately above the lower jaw attachment point. Therefore, to draw the ears at the top is not necessary à € "it doesn't make sense to attack them in the skull bones from above. The auriculus resembles a tube with a wide bell. The horns are located above the ears and grow from the bones. But the owners often remove horns from calves we will not color, but drawing shadows is a good thing. Now you know how to draw a Bull (COW) head (face) à € front view. Honestly it is very difficult to say à € œciouslyà € like drawing an animal in the profile. No family network of symmetry, eye lines, or nose. The most intelligent thing I could think of learning to draw a cow's profile is to correlate her head with the skull inside. I found a photo of a skull of a bull and copied it. Next, find a photo of a bull in the profile, and draw it directly on the photo with the skull. When I don't understand how to draw something, I try to find out what your internal structure is and then paint on the tip. Cow and bull head design à € "Lesson We learn how to draw the head of a cow is not in the profile and not in full face but in an intermediate position. Draw step by step. GENERAL FACE CHARACTERISTICS: Draw wide eyes: draw the nose and the open mouth; and here is the final design of a bull's head (COW); and, moreover, admire some drawings of bulls. Bull drawings Design of a bull skull: This article is one of a series à € œCattle Drawà € €. How to Draw a Bull (Cartoon) step by step with this how-to video and step-by-step drawing instructions. Easy to design animals for beginners and everyone. Please see the drawing tutorial in the video below: You can refer to the simple step-by-step drawing guide below Step 1 Draw a short diagonal for the first front of the cow. Fold the tip of the eyebrow down and the inside points up. Step 2 Under the eyebrows, draw a curve for the lower edge of the eye. Inside the eye, on the top, draw a small point of the eye. Step 3 Draw a curve on each eye to emphasize the thick eyebrows of the cartoon. Draw a line under the eyes, near the right, for the nose bridge. Step 4 belowEyes, draw a small circle and shading them in the nostrils. Don't pull your nose too low or your cow will have a long face. Add a curve to each nostril. Step 5 Starting from under the nostril, draw a straight line to the right to create your mouth. The cow's mouth extends to the right and ends on the side. Step 6 Draw a parallel line to the mouth of the cow under the chin. Step 7 On both sides of the cow, draw a curve for the lower half of the head. Step 8 Draw the ears of the cartoon on the head, on both sides, using some curves. The right ear is slightly smaller due to the corner of the head. Step 9 above the left ear, draw a short vertical line that forms short short traits for the bottom of the horn. Now to the left, draw two short horizontal lines, parallel to the bottom of the horn. Straight up and right curve, so that they meet at one point and form the head of the horn. Step 10 Draw the other cow horn in the same way, but make it a little shortest. Start with a base composed of short and short lines on the ear. Then draw the real horn composed of two curves up and go to a point. Step 11 Between the horns, draw some curves for the top of the head. Use short and short traits to form the bull's head. The head is curved to the right of the eye. Step 12 Draw the two curves to the left of the head for the upper part of the first leg of the cow. The lines on the left should be longer and must be bent at the bottom so that it is similar to the letter L. Add a short line to the right and almost directly under the first line. Step 13 Continue to draw the lower half of the leg by drawing a curve between the most short lines than before. This curve curves down and left to create a front bow. Draw the cow nail to the left with short curves. Lower the nail. Step 14 Draw a long curve to the left of the foot for the lower part of the animated body. Add some short curves to the right. Step 15 Draw two slightly inclined curved lines diagonally at the top of the previous leg. Close the bottom to form a foundation. Add a line to divide the foundation of the cow. Step 17 Draw the back legs first to the left using a series of curves. The upper part of the foot should be more thick than the bottom. The legs must bend in the center. Add the nails down and draw a short line to separate it. Step 18 to the right, draw the other half of the back leg in the same way. Step 19 At the top left of the body, draw two long parallel lines, curves at the cow tail. At the end of the tail, draw the brush's head using a series of short traits. Step 20 Under the first front leg, draw a series of small To represent the charred bushes that are working. The overall shape of the dust should be similar to the small cloud. Step 21 Use the pen or felt-tip pen, carefully passing the lines to make your cow animated draw forever. After the ink, remove any pencil sign with a rubber. Final step: paint brushes with colored pencils, colored, Colorful wax markers or pens! Use dark brown or black body. Use the brown or gold for horns and dust, light brown for the ear and muzzle and gray for hooves. Thanks for watching! Subscribe to the HTDRAW YouTube channel for new instructions every day. day.
